

## Contractual wages and salaries

January 2016

The index of wages according to collective labour agreements measures the evolution of wages and salaries (per employee or per hour) determined by contractual provisions set by collective agreements; the indices are calculated with reference to the fixed employment structure of the base period (December 2010).

At the end of January 2016 the coverage rate (share of national collective agreements in force for the wage setting aspects) was 37.4 per cent in terms of employees and 35.5 per cent in terms of the total amount of wages.

In January 2016 the hourly index and the per employee index were unchanged from last month.

Compared with January 2015 the hourly index increased by 0.7 per cent while the per employee index rose by 0.8 per cent.
